**THREE FISHERMEN
BELIEVED DROWNED**

FREMONT (O.) April 2. (T)—Three men who were caught in a sudden storm while fishing from a small boat in Sandusky Bay are believed to have drowned. C. J. Notstine, Earl Fought, 27 years of age, and Carl Graves, 29, were last seen far out in the bay yesterday morning running a trout line. A sudden fifty-mile gale drove all other craft to shore, but the three men failed to return.

I'M ALONE CASE
NEARING ACTIONCanada's Note on Sinking at
Washington LegationDominion Said to Seek Light
on Antirum TreatyTechnical Points Held More
Important Than Ship

WASHINGTON, April 8. (AP)—Formal representations on the sinking of the rum runner *I'm Alone* by a Coast Guard patrol boat in the Gulf of Mexico have been received from Ottawa by the Canadian Legation for presentation to the State Department.

Except for the brief announcement by the Canadian Prime Minister, Mackenzie King, that the sinking of the vessel, which was of Canadian registry, would be the subject of formal discussions between the American and Canadian governments, both Ottawa and the Legation have been reticent regarding the contents of the note.

TO CLEAR TREATY
Unofficial views of the matter, however, are to the effect that the Canadians are more interested in the points at issue between the two governments over the antirum smuggling treaty of 1924 between the United States and Great Britain—which binds Canada as a dominion of the British Commonwealth—than they are over the actual sinking.

On two previous occasions when Canadian vessels were seized by Coast Guard vessels for rum running the Canadian government informally made known that it was not in sympathy with certain interpretations placed by the American on points in the 1924 treaty under which the ships were seized.

It has been said in reliable quarters here that Great Britain and Canada are particularly interested in having these divergent viewpoints straightened out before a case more serious even than that of the *I'm Alone* arises. The *I'm Alone* case is regarded as embracing most of the contested points and enables the governments to bring the matter up for discussion.

IN ORDINARY CASES
The usual procedure in such cases is for the diplomatic representative on the spot to study the information of the case which is available, draft a note and submit it to his government for approval or correction. The interested government then returns the note to the Legation, either approved with instructions to present it, or disapproving further action and instructing the diplomat to drop the case.

The Canadians are said to recognize the implications that the right to seize and seize within one hour's sailing distance carries with it the right to use violence to effect the seizure. They are understood, however, to question whether this implication holds on the high seas in cases where the rumrunner has merely been within the treaty limit.

CANADIAN PREMIER
INTERROGATED ON CASE

OTTAWA (Ont.) April 8. (AP)—Formal representations to the United States government in respect to the *I'm Alone* incident will be made by Vincent Massey, Canadian Minister at Washington, probably tomorrow. It was stated in the House of Commons today by Premier Mackenzie King.

Mr. King said that a number of communications had been sent from Ottawa to Mr. Massey with regard to the *I'm Alone*, the last of which went today.

The Prime Minister made his brief statement in answer to a question by R. B. Bennett, leader of the opposition. Bennett asked if a formal note had been dispatched to the Washington government dealing with the *I'm Alone*, a Canadian schooner sunk by the United States Coast Guard as a rum runner, and, if so, if a reply had been received. He asked the question, said Mr. Bennett, because of the uncertainty created by news dispatches, some of which stated that a formal note had been sent while others said that was not the case.

NET ESTATE
OF MUNSEY
\$19,747,687

Most of It Will Go Into
Art Museum's Coffers by
Terms of His Will

NEW YORK, April 8. (AP)—A tax appraisal of the estate of Frank A. Munsey, publisher who died December 22, 1925, was filed today showing a gross estate of \$23,434,637.29 and a net of \$19,747,687.38. Deductions from the gross were \$2,371,382.97 for funeral and administration expenses and \$1,315,563.74 for debts.

The will provided for specific legacies totaling \$2,442,093.05, the residue of \$17,305,594.33 going to the Metropolitan Museum of Art. The largest single item in the assets of the estate is securities, with an aggregate value of \$15,726,632.29. A detailed account of the holdings of the Frank A. Munsey Company lists its assets at \$28,482,934.17 and liabilities at \$12,937,340.58, including a Frank A. Munsey loan amounting to \$4,408,167.41.

Plane Crashes
in Smith Quest

SYDNEY (N.S.W.) April 8. (AP)—Search for Capt. Charles Kingsford Smith and the missing Southern Cross fliers already has cost one of the searching flyers a forced landing and a disabled plane.

Capt. I. S. Chater, who has been prominent in the search, was forced down in the Port George area on Saturday by mist and trouble. R. H. Neath, sent to look for Chater, discovered him at Walcott Inlet with a badly damaged plane, although he himself was uninjured.

FUNERAL JUST
TRACTOR'S PACEMaine Burial Cortege Uses
Machine for Transport
in Spring Thaw

AUBURN (Me.) April 8. (AP)—A ten-ton tractor was the unusual conveyance used to transport minister, singers, pallbearers and mourners two miles to the house of Albert Garcelon in South Auburn for funeral services yesterday.

Spring thaws made the road from the main highway impassable except to horse-drawn vehicles or tractors. The tractor was supplied by the city of Auburn and carried twenty persons.

Assembly Seeks
Rise in Pension
of Mrs. Funston

SACRAMENTO, April 8. (AP)—Word that the widow of Gen. Frederick Funston, hero of Aguinaldo's capture in the Philippines and of the Mexican War of 1916-17, is insufficiently pensioned for her needs was received by the Assembly today.

A communication from Mrs. Funston, now living in San Francisco, was read by Assemblyman Ray Williamson, in connection with a resolution petitioning Congress to increase the pension on which Mrs. Funston carries for herself and three children.

In Mrs. Funston's communication to the Assembly she said that she is forced to work in order to augment her present income. The resolution was adopted unanimously.

HOOVER HEARS ABOUT
UNEMPLOYMENT PLAN

WASHINGTON, April 8. (AP)—Means of countering periods of unemployment were discussed with President Hoover today by former Gov. Ralph O. Brewster of Maine, who declared that American methods of keeping employment statistics are ten years behind those of other nations. Mr. Brewster called on behalf of the conference of governors, which met at New Orleans in December and took up the question of balancing periods of unemployment with construction of government works, as advocated by Mr. Hoover in his campaign speeches.

RUSSIAN IN SHOOTING DIES
WARSAW (Poland) April 8. (AP)—M. Apanasewicz, a member of the Russian soviet commission to Berlin, who shot two Polish policemen and then wounded himself last week, died at Baplanowicz today.

COURTS TO GET
FIGHT OVER OILPermit Holders Challenge
Government's PlanConservation Policy Battle
May Grow HeatedFunds Will be Collected to
Hire Joint Counsel

ROCK SPRINGS (Wyo.) April 8. (AP)—Court action to test the legality of the government's oil-conservation policy is contemplated by permit holders. It was learned here today with the announcement that plans are being formulated for an alliance of permittees in fifteen States.

H. J. Boice of Rock Springs, who represented this section of Wyoming at the recent Governors' oil conference in Denver, is directing the organization work in Southwestern Wyoming.

CAMPAIGN OUTLINED

The first action of the organization came through attorneys, temporarily retained, who advised all those who recently filed on government oil and gas lands to refuse to endorse checks received on canceled permits which are being mailed out by land offices by the hundreds. Legal advisers of the proposed alliance said that by so doing the permit holders will be in a position to carry their fight against the conservation edict to the Federal courts.

Leaders in the movement here declare similar organizations are being formed in Casper and in other cities in fifteen States, all of which will be amalgamated later.

FEE TO BE ASSESSED

As soon as organization has been perfected it is planned to assess a small fee against each permit holder to provide sufficient funds to retain the services of counsel to present the collective cases in bulk or blanket form.

Several meetings of protest have been held recently in Rock Springs, Evanston, Kemmerer and contiguous towns at which Gov. Emerson's stand for State rights was acclaimed and reasons similar to those outlined by the Wyoming executive at the Denver Governors' conference presented in opposition to the Federal order.

RUSSIAN IN SHOOTING DIES
WARSAW (Poland) April 8. (AP)—M. Apanasewicz, a member of the Russian soviet commission to Berlin, who shot two Polish policemen and then wounded himself last week, died at Baplanowicz today.

PARLEYS DUE
ON PROBATIONFederal Judges to Confer in
Jones Law CasesMeetings Scheduled to be
Held in Bay CityParole System Seen as Aid to
Enforcement

SAN FRANCISCO, April 8. (AP)—Conferences between judges of the Federal district bench will be held here to determine the effects of probation for Jones law violators. Judge Kerrigan announced today after he referred one case to the probation officer.

The case is that of George A. Williams, who pleaded guilty to transportation of liquor and laid himself open to a five-year prison sentence and a \$10,000 fine, the maximum for liquor law violators under the Jones Act.

His attorney told the court that Williams has "quit the liquor business, and is helping support his parents."

Judge Kerrigan pointed out that probation may be an effective way of handling Jones law violators where "extenuating circumstances exist."

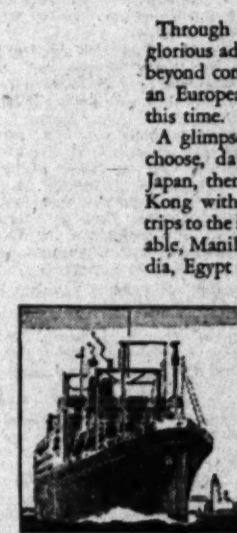

On the one hand, it is held that the seeming leniency will operate as a drastic threat, for the offender is subject to serve his sentence if he violates parole. On the other hand, he has the opportunity to make good on parole.

Minister Held
in Wife Slaying

TERRELL (Tex.) April 8. (AP)—J. F. Roberts, retired Baptist minister, is held here today on charges of killing his wife.

Mrs. Roberts, 71 years of age, was found dead at the Roberts home with her head crushed by an ax.

HUSBAND OF CHILD'S
KIDNAPER IN JAIL CELL
SAN FRANCISCO, April 8. (Exclusive)—Charles Sharp, husband of the confessed kidnaper of 4-year-old Doris Smith-Murphy, occupied a jail cell in south San Francisco, a suburb today, in lieu of \$50 bail on a reckless driving charge. Police said he overtook an automobile, apparently, while intoxicated. Mrs. Sharp awaits sentence in the County Jail on a child-stealing charge.

Go
West
to Europe — \$793

Through the ancient east are glorious adventures that multiply beyond compare the pleasures of an European trip. Go westward this time.

A glimpse of Honolulu, if you choose, days or weeks through Japan, then Shanghai and Hong Kong with scores of enchanting trips to the interior of China available, Manila, Malaya, Ceylon, India, Egypt and then into Europe through Naples, Genoa and Marseilles.

After your trip through Europe you may return from Marseilles to New York and Boston aboard these same palatial Round the World Liners, con-

tinuing, if you like, to California via Havana and Panama.

You will have made the world circuit in a surprisingly short time and at a cost that is far less than you have thought it could be.

You sail aboard magnificent President Liners. All cabins are amidships. They are all outside rooms, equipped with beds, not berths. Spacious decks. A swimming pool. A cuisine par excellence. Your fare includes transportation, meals and first class accommodations aboard ship.

Stopovers where you like for one week or longer. You continue on a similar ship with identical accommodations. Like a cruise on a private yacht.

A Dollar Liner sails every week from Los Angeles and San Francisco.

Bullock's Galerie de Charme, Los Angeles

Pierre of New York

Hepner of Hollywood . . . and

Leading Beauty Experts in 106 Cities

say: "Wash for beauty
with Palmolive Soap"

Bullock's Galerie de Charme is frequented by many of the most discriminating women of Los Angeles society. They praise the natural methods in care of the complexion for which this shop is known. Says Agnese Morley Mullins, manager of this fashionable beauty salon: "Palmolive is a perfect blend of two famous beauty oils, palm oil and olive oil. It is therefore a natural guardian for lovely complexions."

4170 Retail Price 10¢

THE leading beauty experts of Los Angeles—as do those of virtually every city in America—agree at least on one simple beauty treatment.

In famed European capitals this same home rule in skin care is urged. Beauty scientists are unanimous that a clean skin is the start of beauty. And they agree that foundation cleansing with the oils of olive and palm keep the complexion in condition where their own work may be most effective.

Thus they urge Palmolive Soap, twice daily. Its bland, soothing lather, they will tell you, cleanses the pores thoroughly, removes all dangerous soil and make-up from the skin, keeps its bloom and texture.

Leading American specialists agree on this 2-minute treatment

Ask Pierre of New York, known nationally among beauty authorities. Ask Huldah of Chicago, whose famed treatments are the result of definite study of facial cosmetic dermatology. Ask Hepner of Hollywood, to whose care are entrusted the fairest faces of the films.

They—in agreement with the great foreign authorities such as Lina Cavalieri of Paris, Mme. Jacobson of London, Pessl of Vienna, to mention but a few—urge the foamy, cleansing lather of Palmolive Soap and stimulating warm water for the natural cleansing which keeps tissues firm, pores cleansed and texture fine.

Endorsements that are authoritative

These great authorities who endorse this simple method place their reputations behind the quality of this superior soap. They know the fine, lotion-like oils of the olive and palm—famed for their cosmetic effect—that are used in making Palmolive.

They know the only true beauty is natural beauty. That their own treatments are of little avail unless the skin is constantly kept cleansed—by this natural method—twice daily in the home.

Take the advice of these great American and foreign authorities. Learn of Palmolive's remarkable qualities. Ask your own beauty specialist. What she tells you of Palmolive will surprise you. Get Palmolive today—anywhere.

Pierre of New York has attained a reputation national in extent. To him go those discriminating ones to whom beauty is in itself one of life's great objects. Pierre is one of the hundreds who today endorse Palmolive.

Pierre
39 WEST 57TH STREET,
NEW YORK, N. Y.

The Hepner Salon de Beauté in Hollywood, one of many of the best known complexionists in the country, has for the face. "I always advise avoid make-up and wash for the face. Use Palmolive, a real beauty soap," says Wm. Hepner, head of this national establishment.

Go into Huldah's and you'll find many of the most discriminating ones to whom beauty is in itself one of life's great objects. Huldah is one of the hundreds who today endorse Palmolive.

BOMBS INJURE
INDIA OFFICIALSSeveral Hurt in Double Blast
in Legislative AssemblyExplosions Come on Heels of
Crisis and Cause PanicTwo Suspects Arrested and
Confessions Reported

DELHI (India) April 8. (P)—Two bombs exploded in the Indian Legislative Assembly today, sharp on the heels of a Parliament crisis, injured several persons and caused a panic among the Assemblymen.

Among the injured is Sir George Schuster, finance member of the Governor-General's executive council. He and the others injured were taken to a hospital.

Others injured are Sir D. Raghuvendra, Mr. Shankar; Rao Das; Mr. Dalal (seriously); I. N. Roy, deputy secretary of the Indian Central Committee.

Three government benches were reduced to splinters by the bombs. Two men were arrested and are reported to have confessed, after other bombs and pistols were found on their persons. They gave their names as Butkeware Dutt, from Bengal, domiciled at Calcutta, and Bagesh Singh from Punjab.

PAMPHLET WITH BOMBS
Thrown into the crowded Assembly room with the two bombs was a red pamphlet entitled "Hindustan Socialist Republican Army," and signed by "Bakraji, honorary chief." The effect of the bombs on the legislators was to drive them instantly into a panic.

The pamphlet is a lengthy document and apparently of anarchist, rather than Communist inspiration. "It takes a loud voice to make the deaf hear," it reads.

"With these immortal words uttered on a similar occasion by a valiant French anarchist martyr, do we strongly justify this act of ours." The pamphlet points out that while the people are expecting some crumbs of reform from the Simon commission and quarrelling over the distribution of them, "the government is thrusting upon us fresh repressive measures like those of the public safety and trades-dispute bills."

MATTER OF ARRESTS
Indiscriminate arrest of labor leaders working in the open clearly indicate which way the wind was blowing. In these extremely provocative circumstances, the Hindustan Socialist Republican Association in all seriousness and realizing its full responsibility decided upon and ordered its army to execute this particular action, so that a stop may be put to this humiliating farce and alien bureaucratic exploiters be brought before the public eye in their naked form.

The pamphlet urges the people's representatives in the Assembly to return to their constituencies and prepare the masses for the coming revolution. They should let the government know, while protesting against various bills and "the callous murder of Lala Lajpat Rai on behalf of the helpless Indian masses, that we want to emphasize the lesson often repeated by history, that it is easy to kill individuals but you cannot kill ideas."

Expressing sorrow at being forced to shed human blood but declaring the sacrifice of individuals necessary on the altar of the cause, the pamphlet concludes: "Long live the revolution."

RAILWAY BLAST
RECALLED BY LONDON

LONDON, April 8. (P)—Bombing in the Indian Legislative Assembly at Delhi this morning recalls here an occurrence in October of 1923 when several passengers were killed and injured on a train en route to Bombay by a bomb which was believed to have been intended for the Simon Commission. Sir John Simon and the other members of the commission were due in Bombay at about that time.

Sir John, whose leadership of the commission of Indian statutory reform has excited considerable opposition in India, was seated in the Assembly at the time of today's incident with V. J. Patel, it is understood here. He was unhurt.

**Price-Fixing
in Wartime by
Wilson Upheld**

WASHINGTON, April 8. (P)—The Supreme Court today upheld President Wilson's order during the World War fixing the price of coal.

V. L. Highland of Harrison county, West Virginia, sought to compel the Russell Car and Snow Plow Company of Clearfield, Pa., to pay a higher coal price fixed by contract.

The Pennsylvania State courts refused to enforce the contract price of \$3.60 a ton, holding that the price fixed by the President under the Lever Act of \$2 a ton for a part of the time and of \$2.45 for the remainder was binding. Highland challenged the validity of the Lever Act and the authority of the President under it to fix the price of coal, insisting that he was entitled to a settlement at contract price.

**Jewish Leader
Urges Good Will**

WASHINGTON, April 8. (P)—A movement for restoration of good will and better understanding among all citizens of the United States was urged upon the National Federation of Temple Brotherhoods today by Hugo Levy, Jewish lay leader of Brooklyn.

"Before we can successfully preach the doctrine of good will between Jew and Gentile, however, we must attempt to obtain good will between Jew and Jew," he said. "Unfortunately this is not all that it should be. The chasm that exists between orthodox Jews and reform Jews, at times, seems very wide and a real effort should be made to bridge it over."

He expressed gratification over the passing of intolerant organizations.

PLANES MADE "FOOL PROOF"

Device of "Slotted-Wings" Keeps Two Ships on Even
Keel Despite Severe Tests Made in London

(Copyright, 1929, by the Chicago Tribune.)

LONDON, April 8. (Exclusive)—A spectacular demonstration of an airplane safety device which is asserted to make flying practically fool-proof took place at the Croydon Aerodrome in London today when the device known as "the Handley-Page automatic slot and interceptor control" was demonstrated. This invention by the well-known airplane designer was fitted to a De Havilland Moth and to a Westland Widgeon monoplane and impressed the spectators with its practicability for both types of planes.

The pilot, K. P. Cordes, flying the Moth, gave a startling display of banking and diving angles which would ordinarily have resulted in a nose dive, but the action of the slots mounted in the wings returned the plane to a level keel each time. Capt. Edward A. Jones took up the Widgeon, wobbling and twisting and turning at acute angles which made the spectators hold their breaths but the new device continued to be efficacious.

Mr. Handley-Page told the representatives of the press that his company had agreed with the Air Ministry to fit slotted wings to all Royal Air Force machines. Some thirty fatal accidents occurring in the air force during the last year, costing many lives and more than \$500,000, would have been averted if the device had been used. Both the United States and Japan have already shown interest in the device. Ambitious plans for the Imperial airways connection from London to

**COAST GUARD VETERAN
TO COMMAND PATROL**
SAN FRANCISCO, April 8. (P)—Capt. Charles Cochran of the United States Coast Guard, will leave for Seattle tomorrow to resume command of the Bering Sea patrol fleet. It was announced today.

Capt. Cochran, for years in command of the veteran cutter Bear, which recently was presented to Oakland, has announced his intention of retiring next fall, and associates say this may be his last trip.

LEAGUE TO
CONFER ON
BEET SUGAREconomic Committee Seeks
Production Stabilization to
Relieve Crisis

GENEVA, April 8. (P)—The economic committee of the League of Nations decided today to arrange for a conference of beet sugar producers to consider stabilization of production and voted to make a general report on the sugar situation in June after examining the result of this conference.

The committee will seek the assistance of the International Institute of Agriculture at Rome in arranging the conference, for which delegates will be drawn chiefly from Germany, Italy, Czechoslovakia, Poland, France, The Netherlands, Belgium, Great Britain, Rumania and Yugoslavia.

Chairman E. Trendelenburg told the committee today that sugar consumption is increasing and that the judgment of the experts who recently considered the subject was that if it is possible to stabilize production the present surplus will be absorbed rapidly and the crisis in the industry averted. He added that the experts intend to continue their negotiations for an agreement.

LIGHT IT, FORGET IT!—Picture shows the newest refrigerator development, entirely automatic yet with no more moving parts than a plain ordinary icebox. Heat makes ice, through the action of a tiny gas flame upon a refrigerating liquid. Once you light the little flame, you have endless, noiseless cold, plenty of pure ice cubes, without the slightest effort or bother. Name of marvel is Electrolux, the Gas Refrigerator.

THE MAGIC NAME!—When you see this nameplate, "Electrolux," the Gas Refrigerator, in a kitchen, you may know that the ice and food storage problem has been solved in the best and most economical way.

AT THE LOMBARDY!—Picture shows entrance of the Lombardy, one of the finest big new apartments recently erected in New York, just off Park Avenue at 39th Street. One of the modern features of this building is that each kitchen is equipped with Electrolux, the gas refrigerator. All over the country leading architects are specifying this noiseless, trouble-free type of refrigeration.

JUST A FEW PENNIES A DAY!—You probably spend as much for daily papers as it costs to operate an Electrolux. This refrigerator gives you ice for life at an incredible saving. One reason for the low cost is that gas and water are relatively cheap. Another is that Electrolux uses only a small quantity of each.

PITY THE COUCH GUEST!—He may toss and turn all night on this living-room couch of a three-room apartment, but it won't be the fault of his host's automatic refrigerator. Not if said refrigerator is an Electrolux. There is no machinery, not a single moving part, to the Electrolux, so of course it's absolutely noiseless, not only when you buy it, but forever after.

Want Valuations Based on Foreign Labor Costs

Ask Seat for Organization on Commission Also

WASHINGTON, April 8. (AP)—The tariff needs of the working man as interpreted by the American Federation of Labor were laid before President Hoover today in the form of a specific program sponsored by that organization.

Led by Matthew Woll, vice-president of the federation, a delegation called upon the Chief Executive and outlined its views in detail, recommending the seating of a representative of organized labor on the Tariff Commission, changes in the laws to give labor a bearing in valuation cases, and consideration of the cost of foreign labor in the determination of duties on imports.

Earlier former Gov. Brewster of Maine called at the White House to discuss another subject close to the working man—that of unemployment. He urged particularly that the task of keeping unemployment statistics be delegated to the individual States. He considered the States better equipped for gathering such data than the Federal government.

After talking with the President, Woll said the delegation had been received with sympathy and understanding. Mr. Hoover, he declared, although not committing himself to any of the recommendations made, seemed deeply interested and revealed a minute knowledge of the problems presented.

FOR 'AMERICAN' PLAN
The group urged adoption of the American valuation plan in determining the amount of duty to be levied against foreign-made commodities, telling the President it met the requirements of labor much more equitably than the methods now used. At present duties are fixed upon a basis of cost of material abroad, Woll said, and do not take into consideration the low wage scale of the foreign laborer.

The American plan, by making the cost of foreign products in domestic markets the first basis of consideration, the delegation said, automatically would include the differential in labor costs abroad and in the United States.

OTHER CONDITIONS SET
Enactment of legislation prohibiting the importation of articles made by foreign child labor was advocated by the group as an extension of the principle under which existing laws bar from this country the products of foreign prison labor. America, it was pointed out, has placed restrictions upon the employment of children in industry while the foreign manufacturer is free to use juvenile employees and thereby affect a considerable saving, as compared with his American competitor.

The delegation also urged changes in the trademark registration laws to prohibit a manufacturer from recording his mark in America, producing his commodities cheaply abroad and claiming the protection of American laws. Changes were asked, too, in the administrative provisions of the tariff law under which labor could have a representative on the Tariff Commission and representation in discussing of valuation cases.

Berlin Cabinet Approves New Budgetary Cuts

BERLIN, April 8. (AP)—The Cabinet, presided over by Chancellor Mueller, now recovered from his recent indisposition, today approved the new budgetary proposals, including cuts in the army estimates of 1,600,000 marks and in the navy estimate of 12,800,000 marks. The reconciliation of all parties on the budget proposals is thought to have insured the five-party coalition upon which Foreign Minister Stresemann must count to make effective any result arrived at in the Paris reparations conference.

DRYS CITE HEFLIN, JR., SPREE

Youth Cheers Smith After Ship Bout With Booze; Senator Blames Temptation

NEW YORK, April 8. (Exclusive)—Holding up J. Thomas Hefflin, Jr., son of the United States Senator from Alabama, as an example, Mrs. Ella A. Boole, president of the national W.C.T.U., today urged the need of getting the youth of the country between the ages of 14 and 30 years to sign a pledge to obey the Constitution, and particularly the Eighteenth Amendment.

Mrs. Boole spoke before 150 women at the home-making center of the New York Federation of Women's Clubs, a few hours after young Hefflin, hilariously shouting his praises of Al Smith, arch-enemy of his father, meandered down the gangplank of the steamer Ancon, on which he arrived from Panama.

The woman dry crusader is out to get 1,000,000 pledges and she expects to present them to President Hoover with a request that the administration "carry out its pre-election promises."

"SWELL TIME"
"If young Hefflin had kept on the wagon down in the canal zone his father would not now be heartbroken," Mrs. Boole said. "His conduct is an example of the necessity of such a project."

Such conduct, referred to so deplorably by Mrs. Boole, was explained by the grinning Hefflin, Jr., as "a swell time" and he added, "I had seven bottles of Scotch on board to keep me company."

"I want to see Al Smith and tell him everything is all right," he said. "I'm going up to see him at the White House. My father's got a bug on prohibition, but Smith is O.K."

The young man, who was advised that ex-Gov. Smith's home was at the Biltmore, insisted on customs freedom privileges, and he warned the ship's officers that he would brook no tampering with his bags.

"I'm Tom Hefflin's son," he shouted, "and I don't want any of those customs men poking through my luggage, do you hear?"

He fumbled through his pockets of his suit for his landing ticket. The broad grin he had worn since the ship left quarantine was replaced by a querulous smile, a sort of scared expression. "I lost it, I lost it, I lost it," he whimpered. Then his roving came upon

DEADLOCK NEAR IN REPARATIONS

Paris Council Losing Hope of Agreement

Ninth Week of Negotiations May Be Final One

Experts Express Optimism Despite Indications

PARIS, April 8. (AP)—The second Davos committee today entered upon the ninth week of its efforts to find a final solution of the problem of German reparations. According to the best information obtainable in the circles of the financial experts it is the final week, in so far as actual negotiations as to the figures are concerned.

The experts of the committee seem unanimously to have agreed that they can no longer delay a decision and that if they cannot agree on a unanimous report to their governments they must say so without much further temporizing.

The Allied creditors met the German experts today in the presence of Owen D. Young and made an other effort toward reconciliation, but it appeared after the meeting that there had been no change in the situation.

An atmosphere of optimism prevails among the experts, nonetheless, in face of the discouragement shown in French quarters. It is obvious from reports from various sources tonight that the figures thus far published as to sums involved cannot be relied upon as indications of what the final settlement will be.

TWENTY-SEVEN JAILED BY OAKLAND RAIDERS

OAKLAND, April 8. (AP)—Police today arrested twenty-seven men in a series of raids on East Bay gambling houses. The raids were a part of Police Chief Marshall's campaign to rid Oakland and Emeryville of undesirable.

BANK MERGER APPROVED
NEW YORK, April 8. (Exclusive)—Directors of Guaranty Trust Company today approved the merger with the Bank of Commerce in New York.

Infant Solves Robbery Case

SAN FRANCISCO, April 8. (Exclusive)—When a \$1500 robbery of money and jewelry was reported by Maurice Moser, eighteen months ago, coincidentally with the disappearance of Mrs. Mary Morgan, his maid, police found that the departing woman had left her baby daughter behind.

They took the child to a home, had the newspapers print that fact and the address and then watchfully waited. Their surmise on the pulling power of mother love proved correct today.

Mrs. Morgan called at the home to see her daughter and was arrested. Police said she blamed her husband and on her information Morgan was arrested.

Espee Seeks to Buy Bus Line

SAN FRANCISCO, April 8. (AP)—The Southern Pacific Motor Transport Company, a subsidiary of the Southern Pacific Railroad, today applied to the State Railroad Commission for authorization to purchase the California Parlor Car Tour, Inc., operators of motor stage lines along the Pacific Coast, for \$75,000. Headquarters of the latter concern are in Los Angeles.

THE PLAIN TRUTH

AND SOMETHING EVERY MOTOR-CAR BUYER SHOULD UNDERSTAND.

The Cadillac-built La Salle is just as easy to purchase as many cars of far less value and far less prestige. And it is far more economical to operate.

Though you know full well that Cadillac and the Cadillac-built La Salle are the finest and smartest cars on the streets of the world, here is a fact about La Salle which you may never have fully appreciated.

It is actually far easier to purchase a La Salle than the average motorist realizes, and far more economical to operate than many imagine.

La Salle is priced as low as \$2295, f. o. b. Detroit.

This means that, for very moderate monthly payments, you can enjoy the satisfaction, prestige and pride of possession of a Cadillac-built car.

It means also, a car built to last a lifetime. Not that you intend to drive it a lifetime—but, whether you drive it a year, or five years, or ten years, La Salle must yield uninterruptedly brilliant performance because of its famous Cadillac-built 90-degree, V-type, 8-cylinder power plant.

For the Cadillac Motor Car Company, with all the resources of General Motors at its command, and with all the world to choose from, has long since proved to its own satisfaction and the satisfaction of hundreds of thousands of owners that the 90-degree, V-type principle is the soundest principle to produce the highest type of eight-cylinder results.

Actual costs of operation covering hundreds of thousands of miles of usage throughout the country by individual owners and large corporations prove conclusively that from a service and operating standpoint La Salle is the most economical car for you to own.

Where can you find any other car—excepting Cadillac

—so adequately designed to meet 1929 traffic conditions? There are no others equipped with the three ultra-modern Cadillac-La Salle safety features: the Synchro-Mesh Silent-Shift Transmission, the Duplex-Mechanical System of Four-Wheel Brakes, and Cadillac-La Salle Security-Plate Glass.

The most casual examination of La Salle interior decoration, appointment and upholstery reveals it to be so lavish as to create an atmosphere and environment unequalled elsewhere and in perfect keeping with the most luxurious home.

In braking, gear-shifting, steering and all the operations of driving, there is no other car in all the world—with the single exception of Cadillac itself—that can equal La Salle.

It is perfectly obvious that no other manufacturer can produce as fine a car as can the Cadillac Motor Car Company, without exacting a price premium that makes the product prohibitive.

This is not only logical and reasonable, but in a very real and literal sense inevitable. For back of traditionally excellent Cadillac craftsmanship stands the vast buying-power of General Motors deliberately planned to permit value-giving in excess of any other standard.

Call at any Cadillac-La Salle dealer showroom and determine for yourself just how easy it is to own a La Salle. The General Motors Deferred Payment Plan makes it possible for you to enjoy your La Salle at once and pay for the car out of income. Cadillac-La Salle dealers will gladly accept your present car at its full market value. It is probable that this value will be sufficient to take care of the down payment and reduce the monthly payments.

La Salle is priced from
\$2295
to \$3875 f. o. b. Detroit

Smoker's Stand in early American Style

MANY were the varieties of quaint candle stands used by our forefathers. One of them has been revised for modern use as the Danersk collector's piece for the month of April. Its usefulness needs no explanation. Its charm and interest can only be appreciated by personal inspection.

The Smoker's Stand is finished either in soft antique English Walnut with high lights or in mellowed old Maple. It is equipped with an imported English pewter tray. During the month of April only this piece is offered to collectors of Danersk furniture for \$21.50; thereafter, its regular price will be \$28.

In our showrooms you will find a delightful variety of 18th Century English and Mahogany pieces for living room, dining room and bedroom; Walnut and European American in the beautiful period of Queen Anne and William and Mary; Oak in characteristic Jacobean form for dignified dining rooms. You are welcome, without obligation to purchase, to inspect furniture whose fine pedigree of design boasts value far beyond mere utility.

"BRIEF" NOTES BY THE SUB-DEB

Concerning such intimate details as the NEW Lingerie!

To horrified uplifting of hands and the worried question "Whatever is the world coming to?" The Sub-Deb blithely dons these adorables! If she would bother to explain—(which she won't)—perhaps she would declare—"They're chic—they're pretty—they're Paris!" There are no essentials—no unlovely bulges! "They're 1929—you know!" and that means—"Oh be your age," to those who understand this awe-inspiring younger generation.

"BREVITY"—dashing, little shorts of very heavy crepe back satin, \$2.95.

"POLKA DOT"—too lovely for words—Polka dot crepe shorts—tuck-in vest, \$7.95.

"SUN-BACK"—Teddy—absolutely the last word, flesh toned crepe, \$4.95.

"ILLUSION"—singlette, may be as filmy as illusion but the fashionable molding of the figure is no illusion at all, \$18.50.

"BLIMPS"—you're heard much talk about these! Very heavy satin crepe, yoked, \$2.95.

"CHECK!"—says the gay little bandette to the gay little shorts, Batiste, \$1.95.

(LINGERIE—Third Floor).

VALLEY WOMEN STATE LEADER

Mrs. W. D. James of Hanford Named at Fresno

Thirty-second Annual Club Sessions Open

State Endowment Fund Quota Completed

FRESNO, April 8.—(Exclusive) Mrs. W. D. James of Hanford as the only candidate for the presidency and announcement that the federation's quota for the State endowment fund is completed, were the features today of the opening session of the thirty-second annual convention of the San Joaquin Valley district of the California Federation of Women's Clubs.

With the Parlor Lecture Club of Fresno, the valley's oldest and largest woman's club as hostesses, approximately 100 women met today in the initial session of the three-day convention, with Mrs. W. W. Goodrich of Coalinga, district president, presiding.

The principal speaker today was Mrs. C. M. Haring, chairman of home extension work of the State federation; Dr. F. W. Browning of Fresno, and F. J. Latta of the Tulare High School faculty.

The annual election will be one of the chief events on tomorrow's program, the hostesses of which, with that of Mrs. James, include:

Mrs. C. P. Morgan, Shafter, vice-president; Mrs. E. B. Brown, Fresno, and Mrs. O. W. Hare, Chowchilla, secretary; Mrs. W. A. Gregory, Dinuba, treasurer, and Mrs. E. C. Mayers, Tulare, and Mrs. J. E. McClellan, Chowchilla, auditors.

The principal speakers tomorrow will be Mrs. Annie Little Barry, State trustee from the Alameda federation; Mrs. Thomas G. Winters, past president of the national federation; Mrs. W. W. Green, president of the State federation, and Dr. T. F. Graham of Cornell University.

LINDBERGH LEAVES FOR HOME TODAY

Colonel Thrills Mexicans by Stunting New Plane They Couldn't Handle

MEXICO CITY, April 8. (AP)—Col. Charles A. Lindbergh will leave here at 6 a.m. tomorrow for the United States. Although he will go first to New York, he plans to attend in Cleveland the funeral of Ambassador Myron T. Herrick, who had been his friend and fatherly adviser since he landed in Paris two years ago after his trans-Atlantic flight.

The aviator went to Valbuena Air Field alone this morning after his return from a week-end with Ambassador Morrow and his family at Cuernavaca. The colonel did stunt flying in a government plane for some time and then he will fly tomorrow.

The present visit of Col. Lindbergh to his fiancée, Miss Anne S. Morrow, will have lasted exactly a week tomorrow. It is expected that he would return here for at least one more short visit before their marriage, probably in June.

While he was working on his own biplane today, the colonel became interested in the design of some Mexican pilots concerning a new biplane which they had been unable to handle satisfactorily at this high altitude. He asked what was the matter with the ship and then asked permission to fly it to prove that nothing was wrong.

He took the airplane up and handled it perfectly before returning to the ground. He then strapped on his parachute and, going aloft again, put the biplane through nearly all the stunts in the book of aviation. He looped, twisted, barrel-rolled, flew upside down, climbed almost perpendicularly and for twenty minutes thrilled the spectators at the field.

Insane Asylum for Southland Given Approval

SACRAMENTO, April 8. (AP)—A Southern California State hospital for the insane, as provided for in a bill introduced by Assemblyman William Byrne of Los Angeles, was favored by the Assembly Ways and Means Committee tonight when that body approved the measure for passage.

A. R. Heron, State Director of Finance, addressed the committee, recommending that the bill be approved. He said that a portion of the money provided for in the administration's budget for the Norwalk State Hospital would be re-appropriated for use of the proposed new institution. The bill provides that \$250,000 shall be used for the purchase of a site and water rights for the hospital.

TWO BURNED IN BLASTS

Arvin Woman May Die After Coal Oil Explosion; Small Boy Injured at Taft

BAKERSFIELD, April 8.—A woman, a man and a 6-year-old boy are suffering painful burns as the result of coal oil and gasoline explosions at Arvin, in Taft and here, it was reported today from Kern General Hospital where the accident victims were taken.

The woman, Mrs. Elsie Allen, 48, of Arvin, is in a serious condition as the result of second-degree burns on her arms, chest, neck and face. While the burns are not deep they cover so large an area of her upper body that she is considered near the danger point.

Mrs. Allen narrowly escaped instant death last night at her Arvin home while cooking over an oil stove which suddenly exploded, shooting streams of flaming coal oil into her face and clothing. The house was destroyed completely by

AND NOW THEY'LL TEACH WOMEN HOW TO SPEND!

BALTIMORE, April 8. (Exclusive) Women should be taught in college and secondary schools how to spend. It is considered that the feminine sex spends about 65 per cent of all the money that is spent in this country, according to Dr. Mollie Ray Carroll, head of the economics department of Goucher College, in speaking of today's need for such instruction of girls.

"If we do as the old economists advised and get 1000 miles away from our country and look at it," she said, "we see practically all the male contingent busy as bees producing wealth and the women of the nation just as busy purchasing various goods and seeing that they become part of the equipment or sustenance of the family group."

COOLIDGE HONORED BY PRISON BODY

Medal Given ex-President for Aiding Legislation to Correct Penal Abuses

NEW YORK, April 8. (AP)—Former President Calvin Coolidge received, by proxy, today a medal from the National Committee on Prisons and Prison Labor in recognition of his services in bringing about constructive legislation for prison administration.

The presentation was made by Edwin P. Grosvenor, treasurer, at the committee's annual meeting at the Colony Club Representative Frank H. Foss of Massachusetts received it on behalf of Mr. Coolidge.

"Mr. Coolidge's interest in prison enforcement did not begin when he was called to Washington," Mr. Grosvenor said in making the presentation. "It was during his administration as Governor of Massachusetts that the old prison system there was reorganized into the Department of Correction, with a commissioner responsible for the management of the prison."

"Through his messages to Congress and the many bills which he signed he helped to make progress toward the time when the Federal prisons will be models for the nation."

Mr. Foss expressed a belief that the prison bill which Mr. Coolidge signed just before he went out of office will break the backbone of the prison contract system. Members from many States attended the meeting.

Volga Pirates Doomed to Die for Outrages

MOSCOW, April 8. (Exclusive)—The long trial of the river pirate Kuznetsov, with his beautiful paramour, Voronina, and a band of forty accomplices who have terrorized the Volga for several years, committing scores of murders and countless robberies, ended with ten death sentences. Five of the latter, however, were commuted by the court to ten years' imprisonment.

Voronina received ten years and twenty-one others prison terms from ten years to one. Kuznetsov was condemned to death, but the court recommended clemency on the grounds that he aided justice by frank confession, despite the fact he admitted a dozen murders with his own hand and thirty-seven hold-ups. If Kuznetsov's life is spared, as is probable, he will owe it to the romantic strains of the Russian people for whom his bloodier predecessor, Sidak Rasina, remains a popular hero.

Leviathan Goes to Private Hands

NEW YORK, April 8. (AP)—The S. S. Leviathan, which as a military transport carried many thousands of American doughboys safely to France in 1917 and 1918, passed today out of the control of the United States government.

At a formal ceremony aboard the giant liner, as she lay at her dock in North River, a deed and a check for \$4,000,000 were exchanged, whereby the flagship and ten sister vessels of the United States Shipping Board and the American merchant lines became the property of the U. S. Lines, Inc., of which Paul W. Chapman is head.

Duce Expects Another Child

ROME, April 8. (AP)—Premier Mussolini soon is to have a fifth addition to his family, the newspaper Resio Del Carlino of Bologna states today.

The Duce's fourth child was born September, 1927, and named Romano, or "the Roman." Signora Mussolini is expecting her fifth child shortly, the newspaper declares.

The Duce's family now is composed of a daughter Edda, 23 years of age, and three sons, Bruno, 15; Vittorio, 11, and the baby Romano.

WIRELESS TO BE USED IN DIVORCE

Byrd Ship Captain Will Testify by Radio All the Way from New Zealand

PHILADELPHIA, April 8. (AP)—Testimony in a divorce suit filed here by a member of the Byrd South Pole expedition will be taken by wireless from New Zealand, a distance of more than 10,000 miles, it was learned today.

The plaintiff is Gustav L. Brown, master of Commander Byrd's supply ship Eleanor Bolling, whose home is in this city. His wife is Mrs. Vesta Jenny Brown. Suit was filed last June and subsequently Capt. Brown sailed with the Byrd expedition.

Harry T. Bauerle, appointed master to take testimony and report his findings to the court, was unable to proceed without Brown's testimony. He consulted Judge Finletter today and asked permission to question Brown by wireless since it was the only way to reach him.

HIGH-VOLTAGE LINE STOLEN STOCKTON, April 8. (AP)—Risking their lives to cut a high-voltage power line, thieves cut down and carried away 1250 feet of heavy copper wire at the Spreckels sugar factory at Manteca in the night. It is valued at several hundred dollars.

E. W. MURPHY, Director

Our policy of having our Executive Officers visit the plants of industrial institutions doing business with the Seaboard National enables us to render understanding aid that would not otherwise be possible.

The availability of our Officers for the discussion of expansion or changes in your business makes easy that personal contact so essential to full co-operation.

Two Up

Straight as an arrow -from Foreman & Clark factories

You'll find this

"straight-from-the-factory" headline on a dozen ads, maybe, today—

..... but you'll find such facts as these to back it up only at Foreman & Clark. Foreman and Clark clothing plants are not an advertising slogan but an economic fact. They are not based on publicity but production—not on talking upon paper, but on chalking patterns upon wool! We know only three clothing retailers in America who really own, man, operate and pay the payrolls in their own plants.... two sell clothes at \$45 to \$90... the third is Foreman and Clark!

The New BELMONT

The New BENTLEY

New Spring Suits

Which only the World's Largest Clothiers can build—like this—at these prices!

Read the roll-call of fine fabrics... Princeton and Mayflower Worsteds, Waterhouse Serges, Dunns, Frenchbacks, Imported Tweeds, Rich Novelties... then find them in one of two places. Find them in limited stocks of clothes at \$50, \$60 and more, if your check book doesn't mind—OR—find them at \$20, \$25 in enormous variety—**but ONLY** at Foreman and Clark!

The New SUSSEX

Like the way these fashions look? They're sketched from life from F&C clothes. But here's the point... your Foreman & Clark clothes will look the same way when you buy them—and always—thanks to free pressing, sponging and minor-repairing in our unlimited

Service-After-Purchase!

Success starts things... Follow the leader is a great game but it's hard on the shins of tag-enders... Our lead in prices, store-design, slogans, has been skillfully followed—but our lead in value, methods, sound economies in coast to coast distribution—hasn't! Walk up any F&C stairway for proof!

The New DUNSMORE

The New NORWICK

No blindfold test, this—But eyes wide open—

"Just Shopping"—two words most retailers like least from a customer. We prize them! They tell us men are making store-to-store comparisons—going there, coming here—eyes wide open!—THAT'S what built this coast to coast business... that's what won 500,000 men to Foreman & Clark methods of national distribution and retailing.

The New NORWICK

Trade Upstairs & Save \$10

CHASE NATIONAL ENLARGES FIELD
Plans Announced to Acquire American Express

Capital of Combine Fixed at Over \$283,000,000

Merger Creates Institution World-wide in Scope

NEW YORK, April 8. (AP) — The American Express Company, which has been left primarily as a foreign banking organization by the recent deals between the express companies, is to be acquired by the Chase National Bank, forming one of the largest and most far-flung banking organizations in the world, under a plan of merger announced by directors today.

Pacific Mutual Life Insurance Company of California

THIS financial giant of the Pacific, now in its 62nd year, has enjoyed one of the most remarkable records in insurance history. It has paid its policy-holders over \$163,000,000.00 Its insurance-in-force has climbed to over \$700,000,000. It stands first in the western half of the United States in the amount of insurance-in-force and 20th among more than 300 legal reserve life insurance companies.

We have prepared a complete analysis of this unusual company, describing its history from the beginning, present position, the investment standing compared with Eastern insurance companies, and its future possibilities.

We will be glad to mail you a copy on request.

Merger Creates Institution World-wide in Scope

NEW YORK, April 8. (AP) — The American Express Company, which has been left primarily as a foreign banking organization by the recent deals between the express companies, is to be acquired by the Chase National Bank, forming one of the largest and most far-flung banking organizations in the world, under a plan of merger announced by directors today.

Pacific Mutual Life Insurance Company of California

THIS financial giant of the Pacific, now in its 62nd year, has enjoyed one of the most remarkable records in insurance history. It has paid its policy-holders over \$163,000,000.00 Its insurance-in-force has climbed to over \$700,000,000. It stands first in the western half of the United States in the amount of insurance-in-force and 20th among more than 300 legal reserve life insurance companies.

We have prepared a complete analysis of this unusual company, describing its history from the beginning, present position, the investment standing compared with Eastern insurance companies, and its future possibilities.

We will be glad to mail you a copy on request.

The Advantages of Chain Store Operation as Exemplified by Milnor, Inc.

ENJOYING the advantages of chain store operation and a system of direct purchasing which eliminates the usual middlemen, Milnor, Inc., importers and retail distributors of Oriental and European merchandise, earned net profits in 1928 equivalent to nearly 30% on the total current assets as of December 31, 1928.

The record of earnings of this unique chain of stores during the past six years, showing as it does an aggregate increase of approximately 250%, together with continued expansion of the business under the same successful management, signify the attractive possibilities of profit through the purchase of Capital Stock at the present price.

LOS ANGELES EXCHANGE

International Re-Insurance Scores Another High Mark to Feature Local Trading

Speculative interest in International Re-Insurance Corporation again overshadowed all other operations as the stock sprang for a third successive new high price as the week's trading was resumed yesterday on the Los Angeles Stock Exchange. Under the influence of a continued strong demand quotations jumped up 2 points to a new peak at 64 1/2 and on ensuing profit-taking closed at 64, up 1 1/2 points net.

Underlying the movement of the stock is the question of what price new stock will be offered shareholders at their meeting tomorrow when it is expected subscription rights on a one-for-two basis will be offered.

Trading in the balance of the market continued at a slow rate of activity and headed by the petroleum issues prices eased off generally. Standard of California slumped 1 1/4 points to 77 3/4; Union Pacific, 1/2 to 49 3/8 and Rio Grande, 1 1/8 points to 39. Signal fell off a point to 43 1/2 on light sales and Pacific

Western, on a small turnover, lost 1/2 point to 38. Macmillan advanced 1/2 point to 38.

The industrial board displayed more active trading compared with the dullness of recent sessions although prices turned irregular. Byron Jackson lost a point to 33 and Emaco, 1/2 to 38 1/2 while Republic Supply advanced 1/2 to 61 1/2.

Security-First National Bank touched the peak at 132 and ended at 131 7/8, up 7/8 net and Union Bank and Trust Company, recently inactive, achieved a new top at 200 up 5 points. Transamerica eased 1/2 to 134 1/4.

LOS ANGELES CURB

An irregular undertone was evident in operations of the week's opening session yesterday on the Los Angeles Curb Exchange, and, on a relatively light turnover, prices changed very little. The most active issues were the rubber, tin and rubber company stock, which continued active on a range between 3.85 and 3.90, closing at 3.85, up 5 cents net. Other active issues were the tin and rubber company stock, which continued active on a range between 3.85 and 3.90, closing at 3.85, up 5 cents net.

Prices dropped off a point to 35

NEW YORK CURB STOCKS

NEW YORK, APRIL 9.—Up trading in today's curb market led off to the smaller process moving irregularly, with lack of definition of stock to resume operations. The market was somewhat better than yesterday, with a few issues showing a slight advance. The market was somewhat better than yesterday, with a few issues showing a slight advance. The market was somewhat better than yesterday, with a few issues showing a slight advance.

El Secretario Wilbur C. Crampton
Hacer Cambios de Personal
WASHINGTON, 8 de Abril.—E. C. Merrill, que ha sido subcomisario de Asuntos Indios desde 1913, fu

removido de su puesto hoy, y transferido a la jefatura del departamento de presupuestos de Asuntos Indios. El secretario Wilbur declaró que esta medida se había llevado a cabo por que su mente era la de efectuar un cambio total en la organización del departamento citado, y que en consecuencia todos los empleados de la pasada administración serían pasados a otras oficinas o cesados. Añadió, además, que el primero en reconocer la existencia de la corrupción en el departamento de Asuntos Indios, fue el ex secretario Wilbur, que creía que sería muy útil en su nuevo puesto, para la transformación de toda la oficina.

El representante republicano, Knutson, de Minnesota fue quien aconsejó al secretario Wilbur, que depositara el frente del departamento en un indio, sugiriendo presuntamente a E. L. Esten, de Walker, Minnesota, como el indicado para el puesto.

Missing Physician Hunted in Mutilation Murder Mystery

ANOTHER UNDER SURVEILLANCE

Latter Declared Seen Where Body Was Found

Doctor Sought Said to Have Enticed Girl Away

Woman Supplies Clew to Medical Board

One physician was placed under surveillance and another sought for questioning last night as deputy sheriffs sought to learn the identity of the woman whose mutilated body was found in the Los Angeles River bed near Compton last Thursday night.

The physician placed under surveillance, Capt. William Bright, head of the Sheriff's homicide bureau, admitted, has been seen in the vicinity where the body was found and has been arrested before.

The second doctor in the case is sought on the report of a woman that he induced her 19-year-old daughter to leave home six months ago and that neither he nor the girl have been heard from since. A description of the girl tallies in some respects with the torso recovered from the river bed.

SURGERY GIVES CLEW

The medical men were given more attention than others because of the belief that only one practiced in surgery could have so skillfully severed the abdominal organs and found the body that was recovered. In each instance, however, the Sheriff's men admitted that they had no direct evidence connecting the suspects with the slaying.

Yesterday was another day of disappointment for the investigators working on the case. Many so-called tips were investigated, but no information of importance gained.

Late yesterday the State Medical Board revealed a mysterious call by a young woman that it is believed may develop into important information if the woman can be located.

Officers of the Medical Board declared that the woman called on the telephone and stated she had seen what she believed was a dead woman's body being carried out of a house some days ago, but attached to particular importance to the matter at the time. The woman declared that she did not wish to be connected with the affair unless the authorities believed the matter of importance.

She finally hung up the receiver without giving her name or address. The Medical Board requested that it be made public that they wish the woman to call them again at Metropolitan 3621, Station 290.

CLEW ABANDONED

W. E. Baird, 527 Sierra Bonita avenue, whose wife, Mrs. Marguerite Baird, disappeared some months ago, failed to identify the corpse yesterday as that of his wife, and authorities do not believe the body is that of Mrs. Baird. The husband originally reported to the police that his young wife was a waitress, had fallen into the company of a medical student, and that this association had caused a separation between him and his wife.

Sidney Ehrlich, who attempted suicide twice Sunday over the disappearance of his 18-year-old bride two weeks ago, was questioned by police detectives yesterday, but later released.

A green slipper, a board bearing the penciled inscription "Blonde out of this box—poison," and supposed blood-stained towels found in the river bed since the body was recovered were all discarded yesterday by the Sheriff's men as having no bearing on the case.

COLORADO MOTHER FEARS VICTIM DAUGHTER

COLORADO SPRINGS (Colo.) April 8. (P)—Mrs. John Blanton of Colorado Springs tonight asked authorities to investigate the possibility that the mutilated body of a woman found in a stream near Compton, Friday might be her daughter, Mrs. Leola Blanton, 28, and the description of the slain girl, she said, resembled her daughter in some respects. Officials here have wired Los Angeles authorities for more particulars.

DELAY ORDERED IN PORTHEARING

(Continued from First Page)

take office on July 1 is the basis of the request. Recommended action by board be made known to parties in interest by telegraph. With a seven-month continuance of the hearing granted, it is opportune to contemplate the ensuing steps to be taken for materializing the unification project. It is naturally to be concluded that the responsibility of furthering the plan cannot be placed on the shoulders of the joint committee, that, representing the sentiment of both cities, has prepared the groundwork for bickery activity in carrying the union plan to a successful termination.

In fact, it has been stated that from this joint committee is to come a larger organization which will be importantly instrumental in furthering the matter.

While the project is a subject of general comment and recognized as of personal importance to every citizen of Los Angeles and Long Beach it is realized that there must be organized effort to help effectively the efforts of the requisite public officials in the plan's consummation.

OMEGA ALPHA ON WESTWOOD CAMPUS

Last-Letter Sorority First to Build at New U.C.L.A.

MARCO JAIL TERM HOPES FACE FIGHT

Motion in Federal Court Opposes Plan to First Serve Federal Sentence

Albert Marco, former vice leader in Los Angeles, was confronted with new opposition yesterday in his desire to serve a Federal sentence of six months in the County Jail prior to serving one of from one to four years in San Quentin prison.

The opposition came in the form of a motion in United States District Judge McCormick's court by Asst. U. S. Atty. Davis, to withdraw Marco's commitment from United States Marshal Sittel. Two writs of mandamus, seeking to compel Marshal Sittel to serve the commitment on Sheriff Traeger, so that Marco might begin his Federal sentence, were recently filed on behalf of Marco.

The marshal has had the commitment since the United States Supreme Court affirmed the action of the United States Circuit Court, which also affirmed the sentence of Marco in the United States District Court. The court will decide the motion on the writ and the motion of the government Monday.

Deserted Baby's Identity Sought

In an effort to solve the mystery of its identity, Police Captain McCaleb of Hollywood division yesterday requested Hollywood radio stations to broadcast the facts surrounding the finding, last Friday morning, of a one-year-old infant in a lot on the 1120 block of North Hobart Boulevard.

The baby, which is a boy, was discovered head down in a paper shopping bag. After emergency treatment at Dickey and Cass Hospital, it was removed to the Children's Hospital, where it was placed in an incubator. Surgeons there said yesterday the infant is healthy and will live.

NEW LASKER TRIAL MAY START TODAY

Trial of A. I. Lasker, former head of the Lasker Finance Corporation, and Nat Cordish, former president of Mutual Motors, on charges of defrauding a widow of \$17,500, may get under way today in Superior Judge Wilson's court. The case was set for trial yesterday but a continuance was ordered, owing to congestion of the court calendar. Lasker already has been convicted of making false entries in corporation books in connection with his management of the affairs of the finance company bearing his name. This case is now pending on appeal.

PRESS PRAISED AS CLERK

Penney Chain Stores Director Says Advertising in Newspapers Brings Results

"The local newspaper is our best clerk. It sees more people, gets more of their individual time, works longer hours and tells its story with a more certain degree of accuracy than any other clerk we can employ."

This is a sentence or two, summed up, newspaper advertising in the opinion of Roy H. Ott, member of the board of directors of the J. C. Penney Company, and director of public relations for the organization, which operates more than 200 stores throughout the United States. Mr. Ott is at the Ambassador Hotel in connection with the annual spring convention of the store managers of district being held at that hotel.

"Throughout the entire country

Appeals Will Be Heard

The City Council is scheduled to hear appeals today against the confirmation of the assessments for the widening of City Street between Vermont and the east city boundary line.

STUDIOS FIGHT TRUST INQUIRY

Action Filed to Prevent Grand Jury Quiz

Defendants Facing Trial on Other Information

Unusual Legal Situation Presented to Court

Presenting an unusual legal situation in United States District Court, counsel for the West Coast Theaters, Inc., and nine other producing and exhibiting companies, yesterday filed actions in the court of United States District Judge McCormick which seek to restrain the Federal grand jury from proceeding with an investigation of asserted violations of the Sherman Antitrust Act by the picture companies.

Judge McCormick announced that he will decide tomorrow whether the grand jury can go ahead with the investigation, with a view to new indictments in connection with the fact that the defendant companies are to go to trial next month upon an information already filed.

Argument was presented to the court by counsel representing the West Coast Theaters, Inc.; Paramount, Famous-Lasker Corporation, Metro-Goldwyn-Mayer Corporation, First National Universal Film Corporation, United Artists, Fox Film Company, Vitaphone and Pathe, Inc.

The argument was on a motion to quash subpoenas duces tecum for certain books and records of the companies, which heretofore were refused to John H. Amen, special assistant to the Attorney-General, who is prosecuting the case.

A petition was filed also for a restraining order to prohibit the grand jury from proceeding with its contemplated investigation. Counsel for the defendant companies stated that an indictment would have no more effect than the information already on file and that the government is proceeding in this manner because the companies refused the right to examine their records.

The expected inquiry of the grand jury into the matter was continued from yesterday until tomorrow, witnesses being instructed to return at the same time.

OPINION ASKED ON ZONING LAW

(Continued from First Page)

on matters of great public importance, such as the application of the Los Angeles Mountain Park Company to establish a rock crushing plant in the Santa Monica Mountains. In such a matter, he said, it would be unwise to limit the time in which the Council could reach a decision. Mr. Whitnall agreed and said he would withdraw the provision.

Another point on which Mr. Whitnall agreed his draft should be changed is that raised as to the ambiguity of the wording of the section defining the Zone R4 of the new ordinance, which is intended to take the place of the present B Zone. As it stood, several experts have contended, it made no provision for the erection of apartment-houses of more than two and one-half stories or thirty-five feet in height. Mr. Whitnall said he would have the wording changed to make it fully apparent that the only height limitation on apartments in this zone would be those contained in the City Charter.

He said also that he has been convinced of the validity of the criticism directed against the section of the draft which defines the procedure under which some changes or adjustments may be initiated. In the draft, two specific methods are mentioned by which such proceedings may be initiated, namely, by certified petition of the interested parties or by resolution of the City Planning Commission. Although failure to mention the possibility of initiating such proceedings in the City Council would not lessen the existing power of the Council to do so, Mr. Whitnall admitted it would be advisable to mention the use of that power of the Council in a section which purports to define the proper methods to be undertaken.

The only other speaker at the committee hearing besides Mr. Whitnall, was Mark Feller, an attorney representing the Greater Hollywood Taxpayers Association, who, Mr. Whitnall said, had made many of the suggestions for improvement and clarification of the existing ordinance which are contained in the new draft. Mr. Feller suggested an amendment to the ordinance designed to protect business districts against the encroachment of such forms of manufacturing as garment-making, which is possible under the present law.

He said he specifically has in mind the protection of the downtown shopping district from invasion by the garment manufacturing trade, with an effect similar to the destruction of the character of lower Fifth avenue in New York City from the same cause. Mr. Whitnall said he approves of the inclusion in the ordinance of Mr. Feller's amendment, which would be a limitation of the forms of light manufacturing establishments which now are permitted in business districts to the extent of 25 per cent of the floor area of the building in which they are housed. This limitation would, he said, continue to permit small tailoring shops, cap-maker shops etc., in business districts to prevent their overrunning and changing the essential character of the district.

HIGHWAY PLAN VEXES BOARD

demination suit which the county brought to force a right of way for the Malibu Road through the Ridge estate. The case was carried to the United States Supreme Court and finally won by the county. The road will be opened in July.

Mary Pickford Will Show One of Early Films

Mary Pickford will appear tomorrow at 11 a.m. in Hollywood High School memorial auditorium as the fifth person in the high school artist course series of 1928-1929.

Miss Pickford will show some of her earliest pictures made by the old Biograph company in New York City and will tell some of her experiences in the early days of motion-picture making.

One of the pictures she will show will be "The New York Hat," made about seventeen years ago. For writing the scenario Anita Loos received the record-breaking sum of \$15 and was "ticked to death."

"The New York Hat" was directed by D. W. Griffith. Lionel Barrymore played the male lead opposite Miss Pickford and the extras in the cast included Lillian Gish, Mae Marsh, Jack Pickford and Mabel Normand.

One Band CASHIER'S CRIES BRING OFFICER

Latter Fires as Highwayman Draws Gun

Pat Gals Wounded Man in Car and Flees

Fugitive Captured With Body of Confederate

Last night in an attempt to break up the Mar-Cal theatre band, a highwayman drew a gun and fired at the getaway car. The band leader, who was wounded, fled in the getaway car. The highwayman was captured with the body of a Confederate soldier.

Bandit Shot

Policeman Alexander dashed on his gun. The two bandits were running for their car. Alexander, when he saw one man flourish a gun, opened fire. His bullet struck the bandit in the chest, and the other bandit fled in the getaway car.

THIRD IMPLICATED

The pair were rushed to Georgia General Hospital where David Davis was pronounced dead. Davis made a statement to the officers stating that he once had been a bandit, and after being released, he had been living in the area.

MYSTERY OF THEFT MAY BE CLEARED

Suspect Taken in East Believed Bandit Who Robbed Gem Salesman

A possible solution of a daylight hold-up in which a lone bandit obtained about \$100,000 from Joseph H. Jewellers' Building here July 11, 1928, was seen by Los Angeles police last night upon receipt of a message from San Francisco police announcing the arrest of a bandit, said to have committed a series of similar hold-ups in that city.

Although the robbery was one of the latest ever committed in this city, the bandit escaped and fled to San Francisco, where he was arrested. A San Francisco diamond salesman was carrying the gems in a jewelry box when he was robbed.

When he was walking down a corridor he was approached by a young man who demanded "Give me that bag." When the man refused, the bandit reached for his gun and fired at the man.

When he was walking down a corridor he was approached by a young man who demanded "Give me that bag." When the man refused, the bandit reached for his gun and fired at the man.

Three stages of a successful life: Marbles, work, golf.

So officers should wear uniforms in fairness to the public? What about bill collectors?

How can you recognize an inferiority complex? Well, it has a silver chassis and brass manners.

The only free people are those who have no desire to do anything that is forbidden.

To call a man "obscure" with intention to insult him, is to confess yourself an ass who delights in publicity.

Another way you can tell a university man: He uses English as nobody will think him a gentleman.

Is heredity or environment more important? Well, a flower is just a weed given a better chance.

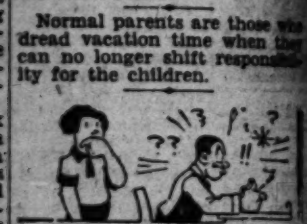

It would be enlightening to know whether George Washington's wife ever asked his opinion of her new hat.

What a life! If you let the children ramble, they get out of control; and if you don't let them leave home, how can they learn good manners?

Americanism: Possessing a troubled conscience, being peevish at the other fellow if he doesn't trouble him.

People who scorn an old maid are like the small boy who sticks his chattering teeth into the water's fine!

Normal parents are those who dread vacation time when they can no longer shift responsibility for the children.

A novelist says there is only one perfect love. That's the one a woman day-dreams about when her husband grouches about the bills.

So England must get accustomed to "Hell an' Maria." Well, the "an' Maria" part will be new to her.

Well, if finger nails match the gown and the gown match the nails, daughter must quit biting one or let the paw chew the other.

The chap who killed the goat that laid golden eggs doubtless was the progenitor of these who sell poison liquor.

Coolidge says it's a great advantage to the country if the President knows he isn't a great man. But it's a great advantage to the President if the country thinks he is.

Correct this sentence: "The he's famous," said the reporter, "but people haven't invented any little scandal to whisper about him."

WHERE CAN I LEARN

Railroad Shopcraft?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is included. Address, Louise L. Temple, care of The Times.]

"A man with some experience as helper to a machinist, boiler-maker, sheet-metal worker, or any allied craft stands a chance to get work in the Southern Pacific Railroad shop as a helper."

This is the statement of L. B. Verweire, who has been with the Southern Pacific since 1910, and in charge of their apprentice system since 1912.

Young apprentices are taken from the ages of 18 to 21. They work for four years, and during this time they have four hours of schooling each week on the company's time. They are paid while they learn their chosen trade. At the end of four years, they become helper apprentices, beginning a wage scale of 48 cents an hour, and receiving an increase of 3 cents an hour every six months.

Men of experience, between the ages of 23 and 39 years are also accepted as helper apprentices. These men have the privilege of free instruction if they wish it, but they must take it on their own time, that is, in classes from 3:30 to 5:30 p.m. at the shops after their day's work.

After a helper has worked one year, if he gives satisfaction, he may be accepted as a helper apprentice in his trade. Then apprentice in three and a half years to complete a journeyman mechanic, at 78 cents per hour.

These free classes at the railroad shop are under the control of the Los Angeles Public School system, and are as free to adults as the day schools are free to children. In these classes are taught applied mathematics, blue-print reading, mechanical drawing, and technical information for each student about his own trade. There is usually a waiting list of about forty, and these have to wait about six months.

Those wishing to become apprentices, apply at the shops, 1800 Alhambra avenue, "D" car north on Main street will go near there.

Trojans Laud Broad Jumper

Dowell Given Credit for Winning Field Event

While critics are singing the praises of Alex McKinnon and Ward Edmonds as the heroes of the Cardinal victory over the Trojans, the S.C. athletes themselves are giving credit to the Trojan broad jumper, Dowell.

MARY BROWNE LANDS JOB AS COURT PROFESSIONAL

COLUMBUS (N.Y.) April 8. (Exclusive)—Mary K. Browne, long a figure in American and international tennis, has been chosen women's tennis instructor at Ohio State University. The appointment, according to the announcement made by the university's board of trustees, becomes effective April 12.

Miss Browne won thirteen different championships between 1913 and 1926. In 1912, '13 and '14, she was national women's singles champion. During those same three years and in 1921 and 1922, she won the national doubles title. She also was women's indoor singles champion in 1928. With William (Bill) Tilden, she won the mixed doubles championships in 1912, 1913, 1914 and 1921.

Krugmen in today's opener. That means the Oaks are going to look at some high-class pitching and a lot of slugfest.

WARREN TO BE BACK

Dallas Warren, the heavy-hitting young catcher, who was out of most of last week's game, is expected to get back into the lineup today.

WOMEN SEE LIQUOR FLOW
W.C.T.U. Members Satisfy Selves of Destruction Accorded Contraband Seized by Police

Amid piles of multifashioned stills, pumps, hose, copper kettles and hundreds of barrels representing a content of more than 100,000 gallons of liquor with an approximate valuation of nearly \$200,000, members from the Women's Christian Temperance Union were the guests of Chief Davis at a liquor destruction party at the Lincoln Heights Jail yesterday.

Hundreds of gallons of amber and white wines poured in eddying swirls down the sewer. The delegation, crowding close, got their feet wet and were assisted to upturned barrels to watch the dumping of a portion of the liquor confiscated by the various police vice squads.

"Somebody said," said one of the delegation, "that a lot of this liquor was rescued to the highest bidder after it got here."

SEEKING'S BELIEVING
"That is one of the reasons I wanted you ladies to see just where this liquor goes," replied Chief Davis, "down the sewer."

"Well, I certainly want to tell Bob Shuler about that," declared Mrs. Novella Reynolds, a member of the delegation. Mrs. Reynolds was foreman of the jury in Mr. Shuler's recent trial.

Several members of the delegation expressed great astonishment at the quantity of liquor stored by police. "My! My!" exclaimed Mrs. M. M. Blonda, secretary emerita of the W.C.T.U. in Banting, Wis. "Isn't it awful! Just think of all the misery in those barrels."

SATISFIED NOW
"We were interested to know just how the police got rid of all this liquor," explained Mrs. E. Upham, speaking for the delegation. "We heard that all of it didn't go down the sewer, but I, for one, am satisfied that it does and that Chief Davis and his department are doing wonderful work in snuffing the bootleggers."

Others of the delegation were Mrs. Anna B. Hall, corresponding secretary of the Southern California W.C.T.U.; Mrs. Lura Hyden-Boley, state superintendent of the Anti-Narcotics Association; Mrs. A. B. Bohan of the Edgewater Union in Chicago, and D. J. Boley.

HOTEL GROUP Makes Merry
(Illustration on Picture Page)
Hotel and restaurant owners and employees entertained last night at the annual ball of the International Geneva Association in the California Auditorium.

Assistants to the owners, including managers head waiters and first class waiters, aided in swelling the proceeds from the ball for the association's home in Denver, Colo.

A program of songs and specialty dances by members of the association was presented. Dance music was provided by a fifteen-piece orchestra.

Eugene Weidman, president of the association, introduced several well-known executives of the hotel world.

Nearly 34,000,000 square meters of glass are being produced each month in Belgium.

ANDRUFF goes
Results amaze you

you realize that dandruff is a germ condition, and full strength Listerine is active against germs. Even the stubborn Staphylococcus Aureus (pus) germ—200,000,000 of them are killed in 15 seconds.

We could not make this claim unless we were prepared to prove it to the satisfaction of the medical profession and the U. S. Government.

NIBLO SUE
ON TAX SALE
BY ADVISER
Action Demands \$160,500 as Damages Caused by Grand Jury Testimony

Charging he was indicted by the Federal grand jury as the result of testimony given by Fred Niblo, motion-picture director, Edward H. Hayden, income-tax expert, yesterday filed suit in Superior Court for \$160,500 damages against Niblo.

According to Hayden's complaint, the indictment against him charged fraud in connection with his work in making out Niblo's income tax return. Niblo, the complaint asserts, told the grand jury Hayden counseled and advised him in the preparation of an asserted fraudulent return.

Hayden asserts Niblo knew he was not at fault in preparation of the return, and expresses the opinion that Niblo sought to shift responsibility.

According to the complaint, which was filed by Attorney William La Plante, Hayden has been injured in his credit and reputation and his health has been impaired as the result of the grand jury's action against him.

NOT GUILTY FLEA
ENTERED BY TAX EXPERT
Edward H. Hayden, income-tax adviser, accused in an indictment of having aided in the preparation of false income-tax returns for several motion-picture persons, pleaded not guilty yesterday in the court of United States District Judge McCormick. His case was continued until September to be set for trial.

J. Marjorie, also an income-tax adviser, similarly charged, appeared before United States District Judge Henning. Her case was continued a week for entry of plea.

Three Run Down in Santa Monica and One May Die
By a "Times" Staff Correspondent
SANTA MONICA, April 8.—Three pedestrians were run down together tonight by an automobile which struck them as they were crossing Main street at Hill street, Ocean Park. The injured are Mrs. A. Hoffman, 70 years of age; Miss Margaret Hoffman, her daughter, 46, and George Siebers, all of 2519 Washington Boulevard, Ocean Park. At St. Catherine's Hospital, Ocean Park, where the three were taken, it was feared that the aged woman would not live out the night. She suffered internal injuries and both legs were fractured. Siebers also had internal injuries. Miss Hoffman was bruised badly.

Policemen Hayden and Clark of the Santa Monica police, detained R. H. Tobias, 19, a drug clerk living at 1023 Amara Place, Venice, as the responsible motorist. The police reported that while other drivers stopped to let the three pedestrians pass, Tobias drove down on them, dragging Mrs. Hoffman ninety feet.

Mayor Gilbert Losing Race at San Bernardino
*SAN BERNARDINO, April 8. (Exclusive)—*Mayor I. N. Gilbert, with his Councilman ticket, appeared defeated tonight by John C. Ralphs, ex-ward, in a race for the office of mayor. Ralphs, 32, defeated Gilbert, 28, in a race for the office of mayor. Ralphs, 32, defeated Gilbert, 28, in a race for the office of mayor. Ralphs, 32, defeated Gilbert, 28, in a race for the office of mayor.

Baldwin Hill Derrick Burns
Fire believed to have been started by the ignition of free gas in an oil well destroyed the woodwork of a Standard Oil Company derrick on Baldwin Hill near Culver City last night.

The derrick was being rigged for redrilling when the fire occurred. Culver City firemen reported. Damage was slight, fire department officials said.

CYCLIST HOLDS TRUCK AND SUFFERS INJURY
A crushed foot yesterday was the penalty of bicycling while holding the tailboard of an ice truck for Carl Widener, 12 years of age, of 2649 La Brea avenue. The boy was holding to the truck when it stopped at Gresham avenue and Adams street. When it started suddenly the youth was jerked off of his bicycle and under the truck. The driver, Charles J. Rodney, of 3220 Canfield street, Palma, has not known the boy was hitching a ride. Carl was treated at the Georgia-street Receiving Hospital and sent to the California Hospital.

HORNE TO MANAGE BEERY ENTERPRISES
Hal Horne, managing director of the United Artists Theater for the past year, has resigned to become general manager of the Noah Berry enterprises. Horne has been identified with the Berry organization for some time, but of late expansion of the Noah Berry Paradise Trout Club and several mining interests near Elmer have caused Horne to spend all of his time in this work. He is succeeded at the United Artists Theater by Charles Kurtzman.

International Geneva Association Stages Its Annual Ball and Frolic

Everyone Who is Anyone in Local Hotel and Restaurant Realms was expected to be present at the annual ball of the International Geneva Association at the California Auditorium last night. Proceeds are devoted to maintaining the organization home at Denver. Cartoonist Feigl, a member of the association, presents a few of his impressions above.

HIGH LIGHTS IN HISTORY

1310

The Story of the World War 80—New Leaders Appear.

by J. CARROLL MANSFIELD

THE YEAR 1916 SAW GREAT CHANGES. THE LEADERS OF THE WAR. THE MEAGER RESULTS OF THE GREAT SOMME DRIVE HAD CAUSED GREAT DISSATISFACTION IN ENGLAND. THE ASQUITH MINISTRY TOTTERED AND FELL AND WAS SUCCEEDED BY THAT OF LLOYD GEORGE, WHO BECAME PRIME MINISTER ON DECEMBER 7.

IN GERMANY, VON FALKENHAYN, AFTER THE FAILURE OF HIS ATTACK ON VERDUN, WAS SUPPLANTED AS CHIEF OF THE HIGH COMMAND BY VON HINDENBURG, HERO OF THE MASURIAN LAKES AND CONQUEROR OF POLAND, WITH THE BRILLIANT LUDENDORFF AS HIS CHIEF OF STAFF

IN AUSTRIA-HUNGARY THE AGED EMPEROR, FRANZ JOSEF, DIED AFTER AN EVENTFUL REIGN OF 68 YEARS. HE WAS SUCCEEDED BY KARL, WHO WAS DESTINED TO LOSE HIS THRONE AND DIE IN EXILE.

IN FRANCE THERE WAS NO
OF THE CONDUCT OF THE WAR.
OLD HERO OF THE MARNE, WAS SHOT IN
HONORARY POST IN PARIS. POCH WAS
TRACKED, AND THE CHIEF COMMAND OF THE
FRENCH ARMIES WAS TURNED OVER TO HIM
POPULAR AT THE MOMENT FOR HIS SUCCESS
AT VERDUN.

WEDNESDAY MORNING.
